experienced waldorf ring spanish language teaching to bright light in this invaluable book rich with imaginative ideas on how to help students learn the language and hear the culture woven into the language is the gift of this book poems songs games and vocabulary building stories are some of the treasure trove offered in this good book foreign language teaching is challenging in america where english is the only language we hear in most areas to open the hearing of students to listen for the rhythms the music and the meaning in spanish is the goal of the good teachers who wrote this book for us

prepare your ot students to become ot thinkers thoroughly revised and updated the 4th edition of this groundbreaking text traces the historical development of the foundations of modern occupational therapy theory examines its status today and looks to its future dr kielhofner compares and contrasts eight well known models using diagrams to illustrate their practical applications and to highlight their similarities and differences well organized chapters are supported by extensive references

challenging inspiring beautifully written and unusual this book calls readers to find ways to link mind and heart thinking and feeling to transform teaching and learning in higher education laura rendón has illustrated how one can unite one's deep beliefs values and feelings with one's keen analytical and intellectual abilities an important thought provoking and unique addition to the literature on teaching learning and the academic life the review of higher education on the first edition this new and expanded edition of the acclaimed and successful book by nationally recognized student advocate activist scholar and contemplative educator laura i rendón will surely find new audiences who are eager to create teaching and learning environments where the learner is fully present and engaged using the full capacities of mind body and senses and where the learning experience can be simultaneously subjective and objective a view which challenges the privileged notion that only reason and objective modes of learning are valid

while the pedagogy can be employed with all students *rendón* provides support for faculty who work with low income first generation and racially minoritized learners *sentipensante* pedagogy benefits all students through holistically meeting their emotional needs and quest for knowledge and simultaneously fostering their civic sense critical consciousness and community engagement *rendón* offers an inspirational and contemplative pedagogy that leverages student assets and addresses the rhythmic balance and interconnection between intellectual social emotional and inner life skill development the book blends academic discussions about pedagogy and diverse world views as it inspires a new generation of faculty and staff to develop blueprints for democratic decolonial teaching and learning environments the sensing thinking approach has been successfully adopted and adapted in courses and seminars across many academic disciplines including stem in two and four year colleges institutions several colleges and universities have created centers around contemplative studies and pedagogy with applications extending to the k 12 education arena as with adopting any new pedagogical approach planning and thought needs to be given on how to integrate its reflective and creative elements with course content this book offers inspiration and guidance for faculty who want to holistically address the needs aspirations and individual development of their students
